LOGBOOK

Date:	13 July 2026	
Monday	1. What did I complete since the last standup?	I attended my scheduled online classes for the day. I received my first two projects for the term and reviewed the project briefs to understand the requirements and expected deliverables.
	2. What am I planning to complete between now and the next standup?	I plan to read through both project briefs in more detail and begin planning how I will approach each project. I will also prepare for the start of the Entrepreneurial WIL Projects.
	3. What are my impediments (or risks or problems)?	Since the new term has just started, my main challenge is balancing multiple project deadlines while becoming familiar with the new requirements. I will need to manage my time effectively to ensure that I stay on track with both my coursework and the upcoming Entrepreneurial WIL Projects.

Date:	14 July 2026	
Tuesday	1. What did I complete since the last standup?	Today was my first day attending the Entrepreneurial WIL Projects. Our WIL Coordinator/lecturer introduced the programme and explained that it simulates a real workplace for students who have not yet secured internships. I joined my project group, discussed the business case requirements, and started planning our presentation for later in the week.
	2. What am I planning to complete between now and the next standup?	I will work with my group to develop our business case presentation. I plan to contribute to the PowerPoint and help prepare the different sections that we will be presenting.
	3. What are my impediments (or risks or problems)?	Since this was the first day of the project, there was still some uncertainty around the project requirements and everyone's responsibilities. My focus will be on communicating with my teammates so that we stay aligned before the presentation.

Date:	15 July 2026	
Wednesday	1. What did I complete since the last standup?	I worked with my group to continue developing our business case presentation. We reviewed our business idea, organised the presentation slides, and allocated specific roles to each team member.
	2. What am I planning to complete between now and the next standup?	I will finalise my section of the presentation and review the completed presentation with my teammates to ensure that everything flows well.
	3. What are my impediments (or risks or problems)?	Our biggest challenge was making sure that everyone completed their assigned work before the

		presentation. We needed to coordinate our contributions carefully so that the presentation could be completed on time.

Date:	16 July 2026	
Thursday	1. What did I complete since the last standup?	My group successfully presented our business case presentation to our lecturer at our scheduled time of 11:00 using Microsoft Teams and it was completed successfully.
	2. What am I planning to complete between now and the next standup?	I plan to begin updating my Agile Logbook with the work completed during the week.
	3. What are my impediments (or risks or problems)?	The main risk before presenting was ensuring that everyone was prepared and that our online meeting ran without technical issues. Fortunately, our presentation went smoothly and there were no major blockers.

Date:	17 July 2026	
Friday	1. What did I complete since the last standup?	I attended the morning meeting with our lecturer, where we discussed the next steps. We were informed that a Microsoft Teams submission link would be provided for submitting our presentations. I also started reviewing and updating my logbook to ensure it accurately reflected the week's activities.
	2. What am I planning to complete between now and the next standup?	I will complete all remaining Agile Logbook entries. I will ensure that my presentation is ready for submission once the link becomes available. I also plan to begin preparing for the next task.
	3. What are my impediments (or risks or problems)?	At this stage, I do not have any major blockers. My main priority is ensuring that my documentation is complete, accurate, and submitted before the deadline.
