| Tuesday | 1. What did I complete since the last standup? | I attended the WIL Projects session and presented my group's Product Backlog on Trello to our lecturer. I explained the tasks we had identified, how they were organised into sprints, and the progress we had made since the previous week. The presentation also helped us confirm that our backlog was aligned with the project requirements. |
| | 2. What am I planning to complete between now and the next standup? | I will review our Product Backlog based on any feedback received from the lecturer and continue refining our project documentation. I also plan to help finalise our updated presentation before it is submitted. |
| | 3. What are my impediments (or risks or problems)? | There were no major blockers during today's session. My main focus is ensuring that our Product Backlog remains organised and accurately reflects the work our team has completed. |
